

Sandal Magna Community Academy

Future aspirations/jobs and careers

We believe that at Sandal Magna that raising the profile of career-related learning is vital. We explicitly refer to jobs and careers throughout all age-groups for three main reasons:

1. To **link** learning to the real world and in doing so increase motivation to work hard bringing more relevance to their learning
2. To **challenge** gender and race stereotyping about jobs and school subjects
3. To **broaden** aspirations for children in our community
